 - D Human need and desire that continuously change according to the era.

LEVEL: E Remembering

- 2 Mr. Zul, who is a teacher, would like to give speeches to the participants of the race event at the school field. Which device can help Mr. Zul?

LEVEL: M Applying

- 3 Diagram 1 shows a development of technology called hydroponics.

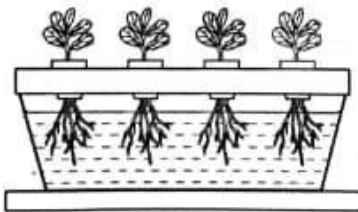

Diagram 1

What is the importance of the development of technology to humans?

- A Supplies food sources
- B Produces stronger structures
- C Facilitates human mobility
- D Increases health quality

LEVEL: M Analysing

- 4 Which technology matches the correct field?

	Technology	Field
A	Drones	Transportation
B	Light rail transit system (LRT)	Communication
C	Vaccines	Agriculture
D	MRI machine	Medicine

LEVEL: E Remembering

- 5 Diagram 2 shows technology devices that can no longer function.

Diagram 2

What is the disadvantage from this situation?

- A The environment becomes more polluted.
- B Humans become lazier.
- C Maintenance costs increase.
- D Destruction of flora and fauna.

LEVEL: M Analysing
