Part 2: Reading

Festivals Around the World

T. Festivals are special events that people enjoy around the world. Festivals can be about culture, religion, history, or special seasons.

Songkran Festival is a famous festival in Thailand. It is celebrated in April. People visit their families, clean their houses, and pour water on each other. It is a fun and traditional festival.

Halloween is celebrated in many countries on October 31. Children often wear costumes and go to parties. Some children enjoy playing games and getting candy.

Christmas is celebrated on December 25. People decorate their homes and Christmas trees. Families often have special meals and exchange gifts. Many people spend time with their families and friends.

Festivals are a good way to learn about different cultures and have fun together.
