Read the story and complete the sentences. Write 1, 2, 3 or 4 words.

An Unforgettable Night

Last month, Harry and his sister Holly went on a school camping trip near the hills. One evening, the children and teachers were sitting around a warm fire. While their friends were listening to funny stories, Harry and Holly felt bored, so they decided to go on an adventure. Harry put some biscuits and chocolate in his pockets, and they walked quietly into the dark forest.

The children walked along the path by the river and crossed a little bridge. It was midnight when they found a dark hole between some big rocks. It was the entrance to a deep cave! They turned on their torch and went inside. On the walls, they saw old paintings of dinosaurs and lots of sleeping bats. Suddenly, an enormous spider walked up Holly's arm. Then, Harry's torch stopped working and everything went black!

They tried to walk back to the entrance. When they got outside, it was raining hard. They had to stay inside the cave until morning. Harry was very brave and shared his snacks with Holly. The next morning, their teacher and classmates arrived outside and shouted their names. Harry and Holly had to go to the hospital because Harry had a broken arm and Holly hurt her leg. At lunch, a kind nurse gave them sausages and chips. Their parents were angry, but they were happy the children were safe.
