

STAY THE SAME

JOEY MCINTYRE

* Don't you ever ()
You were someone ()
You () meant to be
The way you are ()
Don't you ever say
You don't () the way you are
When you () to love yourself
You're better () by far
And I hope you always () the same
'Cause there's nothing 'bout you I () change

I think that you () be
() you wanted to be
If () could realize

All the () you have inside
Don't be () if you got something to say
Just () your heart, and let it show you the way

*

Believe in ()
() down inside
The love you find will () you free
() in yourself
You will come ()
Have () in what you do
You'll make it ()
