Adam

Last summer I went to a summer camp in England. It was called Kidsplanet and it was located not far from London.

I spent two weeks there and I really enjoyed the time! At first, I didn't quite

like the place because there were no friends, I was alone, there were many other children but I didn't know any of them. I missed my family and I felt miserable.

On the second day everything changed. I made a lot of new friends, our counsellors engaged us in various fun activities so there was no time to miss home and the food and snacks were super delicious!

It was an English summer camp so we had English lessons every day, but they were not usual lessons! Not like at school. We played games, did science experiments and had lessons outside in the park. I had to speak English all the time because there were children from other countries and we all spoke different languages.

I also liked sports and fun activities like archery, swimming, crafts, talent shows and competitions. My two weeks passed so fast! But this year I am going to the camp again and I am going to stay there for four weeks. I hope my friends from last year will also come and we'll have a lot of fun together!
