LARGE OUTDOOR ART

Cloud Gate

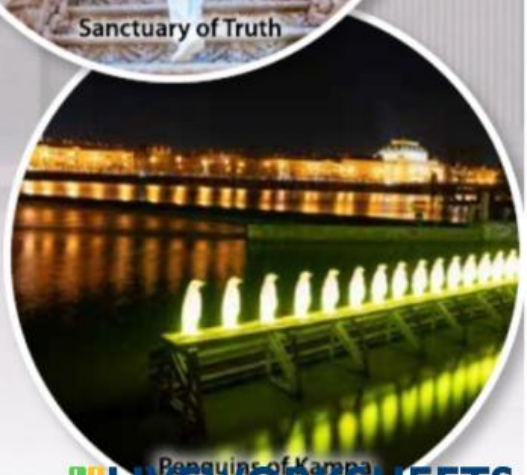

Millennium Park, Chicago, US

A sculpture in Chicago looks like a giant bean! In fact, most people call it "The Bean." Its real name is Cloud Gate. It is made of hard, shiny metal and is very heavy. The metal looks like silver and acts like a mirror. People love to take pictures in front of Cloud Gate.

Sanctuary of Truth

Sanctuary of Truth, Pattaya, Thailand

The Sanctuary of Truth is a new building that looks very old. It is all made of wood. There is not one metal nail in the entire building. Statues and decorations are everywhere. Even the stairs up to the entrance have small carved images on every step.

Penguins of Kampa

Museum Kampa, Prague, Czech Republic

Museum Kampa, a museum of modern art in Prague, Czech Republic, has penguins! Thirty-four plastic penguins are outside of the building. The bright yellow birds stand in a row on a long metal bar above the river next to the museum.
