Goals for TOEIC Listening Part 2:

1. Listen for the question type first (Who, What, Where, Why, Yes/No, suggestion, etc.) — this guides what kind of answer to expect.
2. Don't pick answers just because they repeat a word you heard — the correct answer often uses different words but matches the meaning.
3. Accept indirect answers as correct — replies don't have to be direct; they just need to make logical sense as a response.
