Every Saturday Mrs Dashwood, my old neighbour, takes her empty drinks containers to the bottle ⁰ bank and then she goes to the petrol ¹ station to buy some bread and milk from the shop there. She walks everywhere as she doesn't have a car. She believes that ² climate change is a serious problem and gets a ³ charge out of not driving or using public ⁴ transport. She only uses ⁵ renewable energy like solar power if she can and does all her cooking and cleaning by hand so she doesn't use any ordinary electricity. She is happy to ⁶ express her opinion on anything and everything. Some people don't like her, but I find her interesting and fun. If I don't feel I can do something, I talk to her and she always says something to ⁷ boost my confidence. I walk out of her house feeling I could do anything. Everyone should have a Mrs Dashwood in their life!
