Explorers

Gerald

When I was a boy, my parents worked in Africa for two years. We visited lots of exciting places there and I have loved travelling and exploring since then. I usually choose to travel alone because it is easier to meet people that way. I often stay with the new friends I make on my journeys, and finding out about new cultures is my favourite part of exploring.

Simone

My favourite places are in the cold parts of the world. There are some areas, covered in snow and ice, where almost no one has ever been before. I usually go on foot because there are no roads. I plan my trips very carefully - I like to be well-prepared and I take lots of special equipment with me. I sometimes go for days and weeks without seeing other people - I like the opportunity that gives me to think about my life and to make plans.

Frank

I do most of my exploring by boat. It can take me weeks to get somewhere I could drive to in a day, but it is all about the journey. I always take someone else because my boat needs two people and I don't think I would like to go alone. There usually aren't many people at all in the places that I explore, so I don't often meet new people. My boat is quite small so I can get to places that other bigger boats can't get to. That makes travelling even more interesting.

Questions 14 – 18

For each question, choose the correct answer.

UNUSUAL TOWNS - Whittier, Alaska

Do you want to go to the supermarket? In most towns, you walk down a street, or maybe you go by bus. Do you need to go to work? In most places, you probably take a bus or go by car. But in Whittier, you never go outside when you do these things. That's because almost the whole town is in one huge building with fourteen floors. In this one building, there are shops, there's a church, there's a police station and there's even a hospital. There are also many flats for the people who live there, and there are offices where people work, all under one roof. Only 220 people live in Whittier, so there isn't a college or university in the town, but there's one school for all the children. And of course, everything is inside, so there aren't any parks or squares, and there aren't any street cafés like in other towns.

So why is it like that? Well, Whittier is on the coast of Alaska, and the weather is terrible most of the year. In summer it often rains, and there's a lot of snow in winter (about seven meters), and also very strong winds. So people in Whittier are happy to stay inside most of the time.

It isn't easy to get to and from Whittier because there isn't a normal road. The only way to get there on land is through a long tunnel. It's 3 km long, and it's very narrow, so cars can only go through it once every hour. And the tunnel closes at 10:30 pm. After that, you have to stay the night in Whittier and leave in the morning.

Do people like living there? Yes, they do! As one man from Whittier says: 'It's safe here, it's quiet, and people are friendly. And there are beautiful mountains and forests all around. I love it here!'
