My Weekend Activities

My name is Devi. I am a junior high school student. I usually enjoy my weekends with my family. We usually spend time together at home on Saturday and go somewhere together on Sunday. Sometimes, we also have events with our friends.

On Saturday, Some times I wake up late because there is no school. My parents allow me to sleep longer. We have breakfast at 9 or 10 a.m. My father usually cleans the house from morning until lunchtime. I help him clean my bedroom. After that, I help my mom prepare for the lunch. We have lunch together and spend the rest of the day at home. We usually relax, watch TV, or talk with each other.

On Sunday, my family usually goes somewhere together. We often prepare food from home, even if it is only for snacks. If we go somewhere far, we leave home at 5 a.m. However, if we only go to the nearest mall, we go there after lunch. At night, I prepare my things for school and read my school materials.
