Theme / Topic	Let read and write the corret sentences
---------------	---

Objective
Given a worksheet with various pictures, students will accurately identify and write the initial letters for each picture in pairs with at least 80% correctness during classroom presentations.

Success Criteria

Students will demonstrate success by accurately identifying and writing the initial letters for at least 8 out of 10 pictures on the worksheet during their presentations.

Activity

Induction:

1. Student observes a variety of pictures displayed on the board.
2. Student discusses with their partner to think about the initial letters of the objects in the pictures.
3. Student engages in a brief class discussion to share their thoughts about the pictures and the initial letters.

Main Activity:

1. Student receives a worksheet containing ten different pictures.
2. Student works in pairs to identify the initial letters of each picture on the worksheet.
3. Student writes down the identified initial letters next to each corresponding picture.
4. Student reviews their answers with their partner to ensure accuracy.
5. Student practices pronunciation of the initial letters together with their partner.
6. Student presents their identified letters and pictures to the class, explaining their choices.
