FUTURE COMMUNICATION EXPO 2030

Experience Tomorrow's Technology Today!

Dear students and parents,

Are you curious about how people (1)_____ communicate in the future? Join us at the Future Communication Expo this weekend!

Our exhibition will (2)_____ you amazing new technologies. You can try hologram phones, virtual reality headsets, and smart glasses that translate languages (3)_____.

Featured Activities:

- Test the latest video calling devices
- Send messages using mind-reading technology
- Experience 3D hologram conversations

LIVEWORKSHEETS

• Learn about future social media platforms

Last year, visitors were (4)_____ our robot assistants that can understand 100 languages. This year, we have even more exciting displays!

Every visitor will receive (5)_____ free digital guidebook about future communication trends. Our experts will explain how these technologies will change our daily lives.

Don't miss this (6)_____ opportunity to see the future of communication!

Event Details:

• Date: January 15-16

• Time: 9:00 AM - 6:00 PM

• Location: National Technology Center

• Entry: Free for students

• Registration: www.futurecomm2030.com

1. A. will	B. would	C. can	D. could
2. A. showing	B. show	C. to show	D. showed
3. A. instant	B. instantly	C. instance	D. instantaneous
4. A. amaze	B. amazed	C. amazing	D. amazed by
5. A. a	B. an	C. the	D. Ø
6. A. wonder	B. wondering	C. wonderful	D. wonderfully

2.

SCHOOL ANNOUNCEMENT - NEW COMMUNICATION TECHNOLOGY

Get Ready for Digital Learning!

Dear students,

Starting next month, our school will use new communication tools for learning. While teachers were (1)_____ traditional methods last year, technology has changed everything.

We are (2)_____ to introduce smart tablets for every student. These devices will help you communicate with teachers and classmates more effectively.

LIVEWORKSHEETS

New Features Include:

• Instant messaging with automatic translation

• Virtual classroom for online lessons

• AI assistant to help with homework

• Video calls with (3)_____ quality HD cameras

Our IT team has been (4)_____ hard to set up this system. They tested everything during the holiday to make sure it works perfectly.

Training sessions will start next week. Your active (5)_____ will help everyone learn these new tools faster. Don't worry if you're not good with technology - we'll teach you step by step!

Training Schedule:

• Grade 8A: Monday, 2:00 PM

• Grade 8B: Tuesday, 2:00 PM

• Location: Computer Lab

• Duration: 1 hour

Let's embrace the future together!

Principal Johnson

1. A. using	B. use	C. used	D. to use
2. A. excite	B. excited	C. exciting	D. excitement
3. A. height	B. highly	C. high	D. higher
4. A. work	B. worked	C. working	D. works
5. A. cooperate	B. cooperation	C. cooperative	D. cooperating

Exercise 3: Read the following passage and mark the letter A, B, C, or D to indicate the correct word that best fits each of the numbered blanks.

1.

Communication Technology in 2050

LIVEWORKSHEETS

In the future, people will communicate in amazing new ways. Students will learn (1)_____ hologram devices and smart glasses in their classrooms. These technologies will make learning more exciting and interactive than today. By 2050, while students are studying at home, they will be attending virtual classrooms. Teachers will be using 3D projections (2)_____ they can help teachers show complex ideas clearly. Students from different countries will be learning together without traveling.

(3)_____, traditional phones will disappear completely. Everyone will wear smart devices that translate languages instantly. When people meet someone foreign, their earphones will automatically translate the (4)_____ into their language. This will help everyone understand each other better.

Social media will become very (5)_____ from today. People will share experiences using virtual reality. Friends will feel like they're together even when they're thousands of miles apart. Families will have hologram dinners where everyone appears at the same virtual table.

Schools are already preparing students for this future. Children now learn coding and digital skills. They practice using new communication apps regularly. Being ready for future technology makes students feel more (6)_____ about tomorrow. The future of communication looks truly amazing!

1. A. to use	B. using	C. use	D. used
2. A. so	B. because	C. although	D. but
3. A. Therefore	B. Moreover	C. However	D. Meanwhile
4. A. conversations	B. conversation	C. converse	D. conversational
5. A. differ	B. different	C. difference	D. differently
6. A. confide	B. confidence	C. confident	D. confidently

2.

The Future of Global Communication

Communication technology is changing rapidly. Scientists predict that by 2040, people will use (1)_____ universal translation device that fits in their ear. This tiny device will help everyone talk to anyone in the world without language barriers.

LIVEWORKSHEETS

Ten years ago, video calls (2)_____ slow and unclear. Today, they work perfectly. In the future, hologram calls will replace video calls completely. You will see your friends appearing right in your room as 3D images.

Many technology (3)_____ are developing brain-to-computer communication systems. These systems will allow people (4)_____ messages just by thinking. You won't need to type or speak anymore. Your thoughts will appear as text on your friend's screen immediately.

Schools will change their teaching methods. Students will learn (5)_____ at home and at school through virtual reality experiences. They will visit ancient Rome or explore the ocean floor without leaving their classroom. Teachers will communicate with students using AI assistants that understand every student's learning style.

Social media will also transform completely. Instead of posting photos, people will share full virtual reality experiences. Friends can experience your vacation (6)_____ in real time as if they were there with you. The future of communication will make the world feel much smaller and more connected.

1. A. a	B. an	C. the	D. some
2. A. are	B. were	C. had been	D. having been
3. A. team	B. team's	C. teams	D. teaming
4. A. send	B. sending	C. to send	D. sent
5. A. continue	B. continuous	C. continuously	D. continuation
6. A. direct	B. directer	C. directly	D. directness

Exercise 4: Read the following passage and mark the letter A, B, C, or D to indicate the correct answer to each of the questions.

1.

The School Communication Revolution

Last September, Nguyen Hue Middle School in Hanoi became the first school in Vietnam to test a new communication system called "Smart Connect 2030". This amazing technology changed how students, teachers, and parents communicate every day.

The system includes special tablets for all students and AI translation earphones. When the pilot program started, teachers immediately noticed big improvements. Students could ask questions in Vietnamese, and the AI
