PRESENTATION

One Million Dollars to Improve Your City

MIND MAP FOR THE QUESTIONS

1 What is the biggest problem in your city or neighbourhood?

Answer

The biggest problem is the lack of clean and safe public spaces.

Detail

Many parks are poorly maintained, and some streets are crowded, noisy, and full of rubbish.

Impact

This makes daily life less pleasant and gives people fewer places to relax or exercise.

2 Why should this problem be solved first?

Answer

It should be solved first because it affects many people every day.

Detail

Children, adults, and older people all need safe outdoor areas near their homes.

Impact

If we improve this problem first, the whole community can benefit immediately.

3 What would you spend the money on?

Answer

I would spend the money on improving parks and public spaces.

Detail

I would plant more trees, repair sidewalks, and add benches, lights, and rubbish bins.

Impact

These changes would make the area cleaner, safer, and more attractive.

One Million Dollars
to Improve Your City

4 How would your plan improve people's quality of life?

Answer

My plan would improve health, comfort, and free time.

Detail

People could walk, exercise, meet friends, and let their children play in a better environment.

Impact

As a result, they would feel happier, healthier, and less stressed.

5 How would you persuade local residents to support your idea?

Answer

I would explain the benefits clearly and listen to their opinions.

Detail

I could use posters, social media, and community meetings to show how the project would help everyone.

Impact

This would help residents feel involved and more willing to support the plan.

6 Why is this a good way to use one million dollars?

Answer

It is a practical idea that can help many people.

Detail

It creates a shared space that the whole neighbourhood can use for a long time.

Impact

This means the money would have a clear and lasting effect.
