Part V: Reading Comprehension

Gardening is a wonderful hobby that brings numerous benefits to people, especially teenagers. Unlike playing video games, gardening requires you to step outside and connect with nature. When you plant a seed and watch it grow, you learn how to be responsible and patient. It is not always easy; sometimes bugs will attack your plants, or the weather will be too hot. However, finding solutions to these problems makes you more skillful and confident.

Moreover, gardening is an excellent way to keep fit. Digging the soil, carrying water, and pulling weeds demand physical effort, which helps strengthen your muscles. It is also a very relaxing activity. Many people report that spending time in a garden actively reduces their stress and clears their minds after a tiring day. Best of all, if you grow vegetables or fruits, your family can enjoy fresh and healthy food right from your own backyard. In short, gardening is a highly rewarding activity that nourishes both the body and the mind, making it a perfect hobby for everyone.

True/False:

25. Gardening teaches teenagers to be responsible and patient. _____
26. Gardening is always an easy hobby with no problems. _____
27. Digging soil and carrying water can help you keep fit. _____
28. You can grow your own healthy food if you do gardening. _____
29. What is the main idea of the passage?
A. Why teenagers should play video games. B. How to cook fresh vegetables.
C. The reasons why gardening is a great hobby. D. How to get rid of bugs in the garden.
30. Which of the following is NOT mentioned as a benefit of gardening?
A. Earning a lot of money B. Reducing stress C. Eating fresh food D. Keeping fit
