

Part 2

Questions 9 – 16

Read the text below and correct the underlined errors.

For each question, write the correct word in the space provided on your answer sheet.

Steps to Plant

Do you (0) likes green plants and fresh air? If you want to plant (9) the tree, you need to prepare young tree, water basin, and garden scissors. Next, handle the tree carefully by (10) hold it at the bottom, not the top. Then, put the whole plastic bag in the water basin and make sure all the air (11) are gone. After that, make a hole to (12) matching the height of the plastic bag. The next thing is you must (13) carries the tree to the hole and cut through the plastic. Then, place the tree (14) to the hole. Slowly remove the plastic bag (15) complete. Cover the hole (16) but make sure you put enough water.
