

I Help My Mom

It was Sunday morning.
Everyone was at home.
Dad was watching TV.
Grandma was reading a newspaper.
Sara was playing a game on her phone.

Mom was busy in the kitchen. She was cooking breakfast, washing dishes and cleaning the table.

"Mom, you have so much work to do," said Ben.

Mom smiled and said, "It's okay, Ben. I can manage."

Ben looked around. Everyone was busy with their own things. He put down his toy and walked into the kitchen.

"Mom, I will help you!" he said.

Ben cleared the table and put the dirty dishes in the sink. Then, he helped Mom fold the clean clothes.

Mom hugged Ben and smiled. "Thank you, my dear. You made my work much easier."

Ben smiled. He was happy that he had helped his mom instead of just sitting around.

READING COMPREHENSION

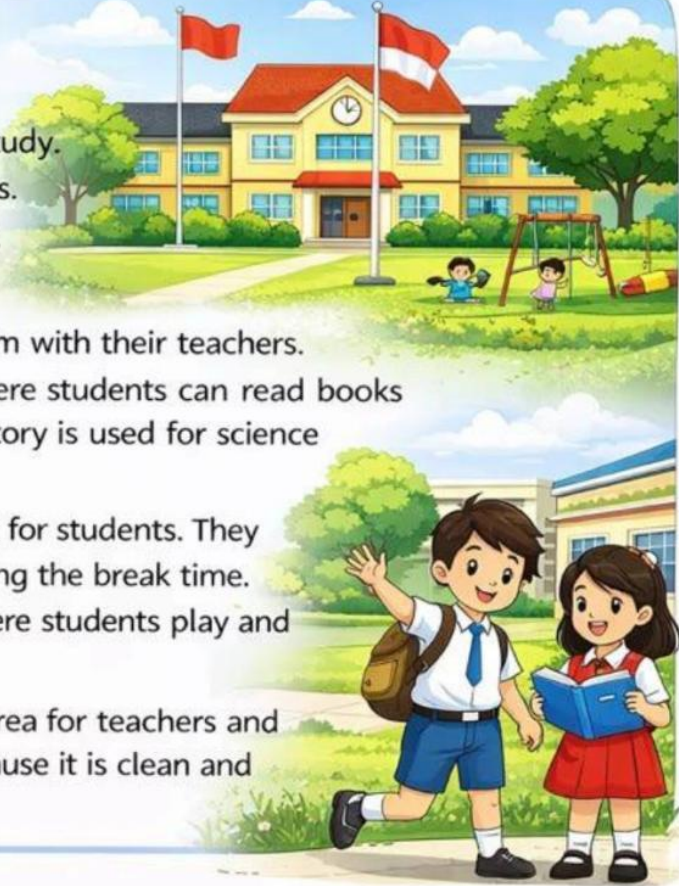

My School

My school is a nice place to study.
It has many rooms and facilities.
There are classrooms, a library,
a laboratory, and a canteen.

Students study in the classroom with their teachers.
The library is a quiet place where students can read books
and do homework. The laboratory is used for science
experiments.

The canteen is a popular place for students. They
buy food and drinks there during the break time.
There is also a playground where students play and
relax with their friends.

My school also has a parking area for teachers and
students. I love my school because it is clean and
comfortable.
