MY HOBBY – geocaching

Blog post written by Lucy Barton, aged 14

I started geocaching because of my uncle – he's done it for years. Geocaching is a treasure hunt that you do with an app. The 'treasure' is a box called a cache that someone else has hidden. There are 2 million of these, all over the world! It's a really fun hobby and I'm so glad my uncle told me about it. We have a great time doing it together, but if he's busy I go with friends, or do it by myself.

The app takes you quite close to the cache, and then it gives you a puzzle to help you find exactly the right place. A lot of older people are geocachers, so some of the puzzles are difficult for me as they are about movies and TV shows that I haven't seen. But I don't really mind – I can always look them up on the internet!

It's a fantastic feeling when you find a cache! You have to open the box and put your name in the little book inside. Often, there are things in the cache as well. You can take something out to keep if you want to, but if you do that, you should always put something new inside for the next person.

Next year, I'm going to start using the paid version of the app. Then, I can make and hide my own caches! I'm also going to tell all my friends and family about geocaching. It's such a great way for everyone, from adults to little kids, to spend time together, enjoy themselves and get to know their local area.

MAKING SHOES FOR FUN

A blog by Sascha Marr, aged 14

My hobby is making shoes. It's an unusual hobby, but I love the fantastic feeling of wearing shoes that I've made myself.

I've always liked designing things. I remember drawing clothes and shoes when I was eight, and I made my first skirt aged nine. Then three years ago, I began making shoes, and I now spend my free time doing that.

I became interested in making shoes when my cousin told me about an online shoe-making course that he was doing. I immediately wanted to do one too. Mum booked me on a four-day course at the I Can Make Shoes school in London to see if I liked it, and then I did a ten-day course there in the summer holidays.

I loved the courses. On the longer one, I made four pairs of shoes! I couldn't believe it. The teachers were excellent. That's what was best about the classes. They made us work really hard but they wanted all their students to have fun, too.

I've made about 15 pairs of shoes now. At the moment I'm making a pair of trainers using an old pair of jeans, but I've used all kinds of different things before, from old leather handbags to old cotton dresses!

Making shoes has changed my plans for the future. I know now that I want to be a designer, but not a shoe designer. I've decided I'll do home design. I've designed lots of shoes and also some clothes, so I'd like to try something new.
