

English Worksheet
Unit 4: Future Matters-Technology video

Name:

Date:

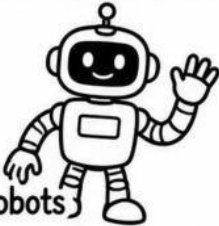

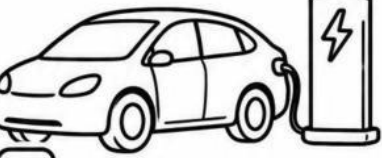

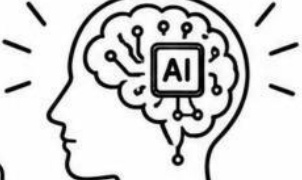

Grade: 8th grade

OA 1, OA 3, OA 4, OA 16

Class objective

Comprender información general y específica en un texto oral sobre el futuro de la tecnología, reconociendo y utilizando la estructura subject + will + verb para expresar predicciones.

Activity 1. Before listening Future technology. Look at the pictures. Which technologies do you think you will hear about? Tick (✓) your predictions.

☐  robots	☐  smartphones
☐  flying cars	☐  computers
☐  virtual reality	☐  smart homes
☐  electric cars	☐  artificial intelligence

I think the audio will mention:

Activity 2. Listen and Tick ✓ Listen to the audio. Tick (✓) the technologies you hear.

Technology	✓
Robots	☐
Flying cars	☐
Smart homes	☐
Virtual reality	☐
Artificial intelligence	☐
Electric cars	☐

Activity 3. Listen and Complete. Listen again. Complete the predictions with the words from the box.

robots – cars – homes – learn – technology

- _____ will help people at home.
- _____ will be more intelligent.
- Electric _____ will be more common.
- Students will _____ in new ways.
- _____ will change our lives.

Activity 4. True or False. Listen again. Write T (True) or F (False).

- _____ Technology will change in the future.
- _____ Robots will only work in factories.
- _____ Smart homes will help people with everyday activities.
- _____ Electric cars will disappear in the future.
- _____ Students will use new technology to learn.

Activity 5. Grammar Focus: WILL Predictions about the future

We use **WILL** to make predictions about the future.

SUBJECT + WILL + BASE VERB

People + will + use + new technology.

Examples:

-  Robots **will help** people.
-  Cars **will be** more intelligent.
-  Homes **will use** smart technology.
-  Students **will learn** with new technology.

Remember: After **will**, the verb stays in its **base form**.

Activity 6. Build the Predictions. Put the words in the correct order.

1. will / people / robots / use
→ _____
2. cars / be / will / more intelligent
→ _____
3. will / students / technology / use
→ _____
4. homes / become / will / smarter
→ _____
5. change / technology / our lives / will
→ _____

Activity 7. Complete with WILL + VERB. Complete the predictions using the verb in parentheses.

1. Robots _____ people. (*help*)
2. Cars _____ more intelligent. (*be*)
3. Students _____ technology at school. (*use*)
4. Smart homes _____ more common. (*become*)
5. Technology _____ our lives. (*change*)

Activity 8. My Predictions. Write three predictions about technology in the future.

Use:

I think + subject + will + verb...

1. I think _____.
2. I think _____.
3. I think _____.
