a really fun hobby I'm so glad We have a great time It's a fantastic feeling

I started geocaching because of my uncle – he's done it for years. Geocaching is a treasure hunt that you do with an app. The 'treasure' is a box called a cache that someone else has hidden. There are 2 million of these, all over the world! It's a really fun hobby and I'm so glad my uncle told me about it. We have a great time doing it together, but if he's busy I go with friends, or do it by myself.

The app takes you quite close to the cache, and then it gives you a puzzle to help you find exactly the right place. A lot of older people are geocachers, so some of the puzzles are difficult for me as they are about movies and TV shows that I haven't seen. But I don't really mind – I can always look them up on the internet!

It's a fantastic feeling when you find a cache! You have to open the box and put your name in the little book inside. Often, there are things in the cache as well. You can take something out to keep if you want to, but if you do that, you should always put something new inside for the next person.

Next year, I'm going to start using the paid version of the app. Then, I can make and hide my own caches! I'm also going to tell all my friends and family about geocaching. It's such a great way for everyone, from adults to little kids, to spend time together, enjoy themselves and get to know their local area.
