My favourite (1)_____ now is to learn new TikTok dance and trends. You might be cringy right now but trust me it is super addictive. To be very fair, when I first downloaded TikTok, I had no idea (2)_____ to use that app, or sometimes I would wonder to myself “how did he/she learn the dance move?” Then came that day when I actually tried one of the dance moves, and I never stopped from (3)_____ on. I think it is partly because on TikTok it is easier for people to “notice” you in a way. When I first posted my video, I did not check it (4)_____ the next few days and when I did I was in shock because I had 3k views but only 10 followers. That was what kept me (5)_____ to post more and more every day. I also do it because I feel like it is really fun and it (6)_____ me happy whenever I do, it feels like I am just running away (7)_____ my stress for a moment. Till today, one of the most viewed TikTok videos that I posted has 85k views and it low-key makes me feel (8)_____. TikTok has really occupied my free time these past few months.
