## A Read and say who is the best helper. Why?

RoboPro is a helpful robot. He makes his bed every morning. He usually does the washing up. He feeds the dog once a day. He sometimes cooks dinner.

RoboMix is a funny robot. He tidies his bedroom once a month, but not very well. He often waters the plants – too much! He takes out the rubbish three times a week but he drops it! He never fixes his bike. Oh no! RoboMix makes mistakes!

RoboLazy is very lazy. He never cooks. He never does the washing up. He never practises the piano. He always plays and rests.
