Class :

Read the following text and answer the questions.

Why Breakfast Is Important for Students

Breakfast is often called the most important meal of the day, and students should never skip it. (1) _____, breakfast provides the energy needed for morning activities. After an overnight fast, the body needs fuel to function properly. (2) _____, students who eat breakfast tend to concentrate better in class. Studies show that breakfast improves memory and focus. (3) _____, eating breakfast regularly helps maintain a healthy weight. Skipping breakfast can lead to overeating later in the day. (4) _____, breakfast is essential for students' academic performance and overall health.
