

# I LIVE FOR HER (part 2 )

I live for her, I have nobody else  
And how many others I'll find  
That, just like me, wrote on their foreheads  
I live for her

I live for her...

On a stage or against a wall...  
(I am in ..... that is so .....)  
Also in a difficult future  
(One I believe and so do you)

A new conquer each day  
The protagonist will always be her...

I live for her because now  
I have no other escape  
Because you know music  
Has never really betrayed someone

(Now ..... I ..... the ..... play  
A ..... inside me ..... to .....  
I will ..... be there ..... you .....  
When you ..... a .....)

I live for her, music  
(When you ..... a .....)  
I live for her, she's unique

(You're ..... to bring .....)  
I live for her  
(For her)
