

UASA PART 4

Read the texts below. For each statement, choose the correct answer that matches the statement A, B or C.

A. Rosli

I usually wake up at 6:00 a.m. on school days. On Saturdays, I will be on bed until 10:00 a.m. Then on Saturday afternoons, my parents will bring me to the supermarket to buy things for our house. In the evenings, I will usually play football with my best friends. At night, my family and I love to watch old movies. We will watch the movie while eating our favourite snacks such as potato chips.

B. Samuel

I usually wake up at 6:30 a.m. on weekdays. On weekends, I wake up at 8:00 a.m. My father and I always go jogging together around the park. In the afternoon, I will follow my mother and sister to the market to buy fresh vegetables. We will cook together once we are back home. In the evenings, we will attend dance class. We love dancing together with our friends. At night, we usually play board games as a family.

C. Katherine

On school days, I wake up at 10:00 a.m. because my school starts at 1:00 p.m. On Saturdays and Sundays, I will wake up early around 7:00 a.m. to help my parents at the market. My parents sell vegetables at the market near our house. Around 1:00 p.m., we will head back home tiredly. In the evenings, we usually go to the playground near our house to spend time with family. At night, we will usually sleep early by 9:00 p.m. because we need to rest.

- A Rosli
- B Samuel
- C Katherine

0	Exercise is a must for me in weekend mornings.	B
15	I don't go to the market on Sundays.	
16	On Saturdays, I wake up earlier than the rest.	
17	I go to school in the afternoon.	
18	My parents love to watch movies which makes them remember their childhood.	
19	I play chess at night with my family members.	
20	My sister loves playing see-saw on Sunday evenings.	

Read the text about three different news report (A, B and C). Choose the news (A, B or C) which fits the description. For each question, choose the correct answer A, B or C.

A	Accident BENTONG: A fatal accident took place due to a collision between a bus and a truck at 10.30 p.m. last night on the East Coast Highway. There were 30 passengers on the bus, out of which 16 were men and 14 were women. The driver of the truck tried to escape, but he was caught by the local people and handed over to the police. The injured people were taken to the hospital immediately.
B	Flood TEMERLOH: The entire district of Temerloh faced heavy rainfall for hours this week. More than five villages were flooded and over five thousand people were affected. The flood was mainly caused by the increased level of water in the river. The areas drained by the river were affected badly as most of the land went under water. The agricultural lands and livestock were badly affected too.
C	Fire JASIN: On 13 th May 2024, a fire broke out in the Galaxy Mall at Malacca. The entire area around the mall was covered with thick black smoke. Everyone from the mall was evacuated before the fire caught a major portion of the mall. The manager of the mall had called the firefighters to put out the fire. The locals tried to put out the fire but their efforts were of no use. Six fire engines arrived within 10 minutes and, for the next two hours, managed to put out the fire.

- A Accident
B Flood
C Fire

| 4. Over five thousand people were affected in this incident. | () |
| 5. The driver tried to escape but was caught by the local. | () |
| 6. The entire mall was covered in thick black smoke. | () |

Read the text about three different things used in the past (A, B and C). Choose the transportation (A, B or C) which fits the description. For each question, choose the correct answer A, B or C.

A	Carriages In the past, a carriage was used to transport things and people. It was a vehicle with wheels that's usually pulled by horses. In some cities, you can go for a carriage ride through the park. A single horse could pull a wheeled vehicle and contents weighing as much as a ton. Transporting people and goods was difficult in the 19th century as animals required large quantities of food and water to provide primary means of transportation all over the world.
B	Telegraph The telegraph was developed in the mid-19th century by Samuel Morse. The term came from the Greek words <i>tele</i>, meaning at a distance, and <i>graphien</i>, meaning to write. It was a device or system that allows the transmission of information through coded signal over distance. It was mostly used to communicate between ships at sea.
C	Pot A simple vessel made of earth and water, the pot was one of the oldest and most valuable tools. The discovery that clay could be formed into a container and baked until hard allowed people to carry, cook, serve and store their food. Without the pot, we never would have roamed far from sources of fresh water and wouldn't be able to preserve food to get through famines and harsh weather.

- A Carriages
B Telegraph
C Pot

- | | |
|---|-------|
| 0 It was used to transport people and goods. | (A) |
| 1. It was one of the oldest tools, made of earth and water. | () |
| 2. It allowed people to transmit information through signals. | () |
| 3. The term comes from Greek words, <i>tele</i> and <i>graphien</i> . | () |
| 4. It was a vehicle with wheels usually pulled by horses. | () |
| 5. It allowed people to carry, cook, serve and store their food. | () |
| 6. Animals needed large amounts of food and water as a primary means of transportation. | () |

Read the text about three different people and their meals (A, B and C). Choose the person (A, B and C) that matches each description. For each question, choose the correct answer A, B or C.

A	Ruhan Ruhan lives in Mumbai, India. He likes to eat curried vegetables with rice. Sometimes, he eats <i>chapatti</i> with <i>dhal</i> curry. For breakfast, he prefers milk and sandwiches. He believes a good breakfast is the best start to the day!
B	Ivan Ivan lives in Chicago, USA. His mother prepares meals for him to take to school every day. For breakfast, he usually has buns with sausages and drinks fruit juice. He packs spaghetti or pasta for his lunch. He eats different types of fruits each day.
C	Yu Yang Yu Yang is from Malaysia. His favourite breakfast is fried rice with an egg. He likes to drink Chinese tea. As for lunch, he prefers noodles with fish balls or fish cakes. He dislikes unhealthy fast food such as burgers and chips.

A – Ruhan
 B – Ivan
 C – Yu Yang

0. He lives in Mumbai, India.	(A)
15. For breakfast, he usually has bun with sausages and drinks fruit juices.	()
16. His favourite breakfast is fried rice.	()
17. He usually eats pasta or spaghetti for lunch.	()
18. He likes <i>chapatti</i> with <i>dhal</i> curry.	()
19. He is an American.	()
20. He dislikes fast food.	()

A	Taj Mahal The Taj Mahal, a stunning white marble palace is situated in Agra, India. Emperor Shah Jahan built this tomb for his beloved wife, Mumtaz after she passed away. The construction began in 1632 and took more than 20 years to complete. This beautiful building is made of white marble that change colour throughout the day, appearing pinkish at sunrise and golden at sunset. It is decorated with beautiful carvings and many precious stones.
B	Colosseum The Colosseum is a giant amphitheater built almost 2000 years ago by the Roman emperors. It is located in the heart of Rome City in Italy. It was the largest stadium of its time and was designed for contests like animal hunts and mock sea battles. This massive stone arena could hold 50,000 to 80,000 spectators who came to watch public shows.
C	Great Pyramid of Giza The Great Pyramid of Giza, located near Cairo, Egypt is a true wonder of the ancient world. It was built around 4,500 years ago and for thousands of years, it was the tallest man-made structure on Earth. It is the oldest and only surviving of the Seven Wonders of the Ancient World. It served as the ancient royal tombs of pharaoh Khufu, Khafre and Menkaure. This colossal pyramid was constructed from two million massive stone blocks without modern technology. It remains a powerful symbol of ancient Egypt incredible engineering skills.

A – Taj Mahal
 B – Colosseum
 C – Great Pyramid of Giza

0. This tomb is built for Mumtaz, after she passed away.	(A)
15. It was built using two million stone blocks.	()
16. Many precious stones were used to decorate this structure.	()
17. The ancient royal tombs are found in this structure.	()
18. It is situated in the heart of Rome City.	()
19. It can hold up to 80,000 people at a time.	()
20. It took more than 20 years to build this place.	()
