Theme: What Are the Jobs of the Future?

Welcome to your self-instructional module! 🚀

Due to the emergency, you will work at home. You do not need internet access. Follow the instructions step by step. Note the due dates for each assignment:

- **Assignment 1 (Formative):** Friday, November 13th
- **Assignment 2 (Summative):** Monday, November 16th
- **Assignment 3 (Formative):** Monday, November 23rd
- **Assignment 4 (Summative):** Friday, December 4th

STUDY GUIDE AND REVIEW

Read this guide carefully before solving the tasks!

1. Vocabulary Bank

-  **Robot Doctor:** Helps sick people or broken electronic pets.
-  **Drone Driver:** Flies small flying delivery machines.
-  **Space Tour Guide:** Shows tourists the moon and the stars.
-  **AI Builder:** Builds smart computer brains and systems.

2. Grammar Machine: "WILL"

To predict future events, we use a simple structure that **never changes**. The word **WILL** stays the same for all pronouns.

SUBJECT + WILL+ ACTIONVERB

Examples:

- **I + will + be** a drone driver.
- **He + will + fix** robots.
- **She + will + work** in space.
