Read the following passage and decide if the sentences are true (T) or false (F).

Teenagers often choose different leisure activities to relax after school.

Minh is an active boy, so he is really keen on outdoor sports. Every afternoon, he plays badminton with his classmates in the school yard. He also loves cycling around West Lake on the weekend because it helps him stay healthy and enjoy fresh air. In contrast, his sister, Lan, prefers spending her free time indoors. She is crazy about doing DIY projects and making paper crafts like origami. She finds these activities helpful in improving her patience and creativity.

However, both Minh and Lan detest spending too much time surfing social media or playing video games. Their parents always remind them that sitting in front of a screen for hours is harmful to their eyes and makes them lazy. Instead, on Sunday evenings, the whole family usually cooks dinner together and plays board games, which helps them connect and have fun.
