READING

- ♣ Read the text about some preventive measures when children and teenagers go out from home.

Help to stop the COVID – 19 spread among children and teens

How can parents help to protect children and teens from COVID – 19?

WASH HANDS

- Make sure your children wash their hands with soap and water at least for 20 seconds, frequently.
- If they don't have water and soap at hand, make sure they use instant hand sanitizer.

AVOID DIRECT CONTACT

- Keep your children at least 2 meters apart from other people when they go to public places.
- Avoid travelling in public transport.
- Stay home as much as possible.
- Don't make or go to parties.
- Don't visit relatives or friends.

WEAR A FACE MASK

- Help your kids to wear a mask correctly when they are in public places or around people that don't live with them.

CLEAN AND DISINFECT

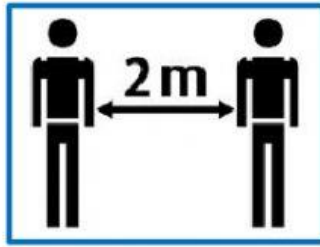

- Clean and disinfect all the surfaces you touch as tables, door handles, light switches, remote controls, desks, toilets and sinks frequently.
