

Protecting the Environment Means Protecting Our Community!

Student Name: _____ Grade and Section: _____

PURPOSE:

To read and understand how environmental actions can help protect our community and reduce risks.

COMPETENCY:

Reads and writes various types of texts in English as a foreign language.

SKILLS:

- ✓ Obtains information from written texts.
- ✓ Infers and interprets information.
- ✓ Reflects on and evaluates the form, content and context of the text.

LEARNING EVIDENCE:

Understands information about environmental practices and explains how some actions can increase or reduce risks in the community.

1

READ AND EXPLORE!

Read the texts. Match each text with the correct picture (A-C).

1

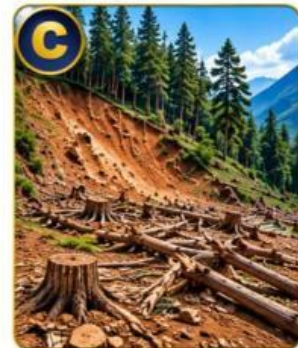

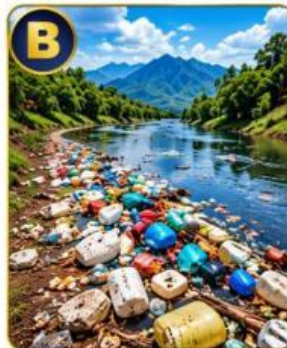

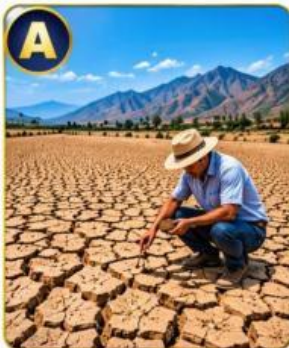

The river is full of rubbish. The water is dirty. This can cause floods and diseases.

2

There is little water. The soil is very dry. Crops cannot grow. We need to save water.

3

People cut trees on the hills. The soil is weak. This can cause landslides when it rains.

2

READ AND UNDERSTAND!

Read the questions. Choose the correct answer (A, B or C).

What can happen if we throw rubbish into the river?

A

The water is clean.

B

The water can be polluted.

C

The river gives us more water.

What is a good action during a drought?

A

Waste water.

B

Save water.

C

Use more water at home.

Why is it important to protect vegetation on the hills?

A

It can cause landslides.

B

It makes the soil stronger.

C

It increases the risk.

Word Bank: water pollution · blocked drains · heavy rain · drought

	Environmental condition	Hazard	Risk	Possible consequence
