

Hello! Can I help (you)?

I bought a suit yesterday, but the blazer is a little bit too tight (*lit* small) for me. Could I change it?

Do you have the receipt?

Yes.

Let's have a look. So the blazer is (too) tight (*lit* small) (for you).

Don't you have a bigger one?

We do. I'll bring you (one) at once. Here is number sixty.

Oh, but this one is still a little bit too tight. Don't you have anything a little wider still?

We do. We have (really) pretty sweaters.

So, how does (it) fit?

Uh. This skirt is too long. Don't you have a shorter one?

Here you are, here's a smaller number. Try this one.

Hm, It seems to me this one is too light in colour. Don't you have (anything) darker?

Let's have a look. Please try this one, for instance.

Oh, dear, this one is too bold (colourful). Don't you have anything more discreet?

Colours are in at the moment and also stripes are in.
