Unit 7 Test | A

## Reading

**6 Read about the shopping habits of three teenagers. Match people A–C with questions 1–5. Each person matches two questions.**

**A Li-Mei, 15**

I shop at charity shops as often as possible. The shop assistants and everyone who works at my local charity shop are all very kind. They're nicer than all the shop assistants in town, and they always help me find cool clothes. Today I got a pair of purple jeans! I love them because they're really different. At the shopping centre, all the new things look the same, but charity shops are much more interesting. My problem is that I never save my pocket money because I buy too many things at charity shops.

**B Diego, 14**

We don't throw away as many items because we can give them to charity shops. That's better for the environment and for my wallet because charity shops are much cheaper! For example, I can buy a big box of books at a charity shop for the same price as ONE new book at the bookshop. Sometimes older things can be a bit dirtier than new ones, but I don't mind. Charity shops are excellent because they help us to recycle. The man who runs my local charity shop says I'm his best customer.

**C Antonia, 16**

I don't shop at charity shops very often because I prefer the shopping centre and the shop assistants who work there. I know it's more expensive, but I like having nice new things. I don't like old stuff. I work hard to earn my pocket money, and I prefer to spend it in big clothes shops. I always wait for the sales, so I save a bit of money that way. Sometimes, I buy little things at charity shops, like the metal water bottle I got yesterday … eco-friendly AND cheap! That makes me happy.

Which person …

**0** buys some smaller items at charity shops? *C*
**1** prefers charity shops because they are planet-friendly? ___
**2** thinks that charity shops are friendlier than clothes shops? ___
**3** only buys new things on special offer? ___
**4** spends too much money in charity shops? ___
**5** says some charity shop things aren't as clean as new items? ___
