Learn and think

Animal families

1 CD1 44 **Listen and read about animal family groups.**

Every animal is part of a family group. The animals in each family group have features that make them different from other animal family groups. Here are some examples of features.

eggs

hair

feathers

scales

blood

2 Think! **Look at some groups and write the missing features.**

can often fly | their babies drink milk | have six legs | lay eggs
