

Name _____ Date _____

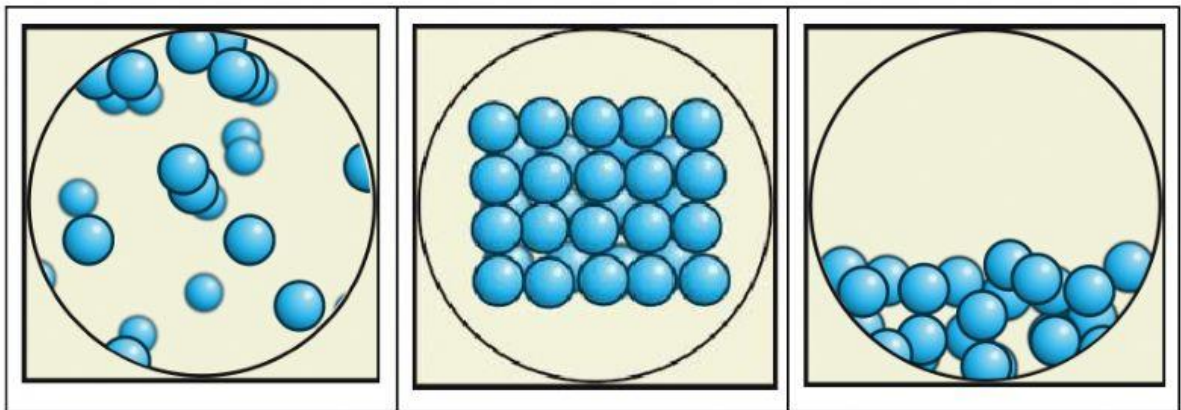

1. Click on the molecules in a **SOLID**, like an **ICE CUBE**.

2. Click on the molecules in a **GAS**, like **STEAM**.

3. Click on the molecules in a **LIQUID**, like **WATER**.

4. Do the molecules in a **SOLID** move fast or very slow?

fast	slow
------	------

5. Are the molecules farther apart in a **LIQUID** than they are in a **SOLID**?

yes	no
-----	----

6. In which state of matter are the molecules the farthest apart and the fastest moving?

solid	liquid	gas
-------	--------	-----

Independence: ___/6 Notes:
