A CELEBRITY WITH A BIG HEART

Many celebrities have millions of fans, but some use their popularity to make a real difference. A well-known singer, for example, once noticed a message from a fan who was having a difficult time. She decided to reach **(21)** _____ to the young person and sent a care package containing a letter, a signed photograph and some money to help with their studies.

Other stars also find ways to support people. A footballer was so moved by the story of a young fan with a serious illness that he dedicated a goal to him. He later arranged for the boy's medical treatment to be **(22)** _____ for. Actions like these can have a powerful effect on fans, who often feel delighted when their favourite celebrities show that they care.

However, being famous does not mean that people have no need for privacy. Fans should remember that celebrities are ordinary people, too. It is fine to ask for an autograph or a photograph, but it is important to behave **(23)** _____ and accept it if a star is busy. Celebrities should also be treated with respect when they are spending time with family or friends.

In the end, a good relationship between stars and their fans benefits both sides. Supportive fans help celebrities build a strong fan **(24)** _____, while celebrities can use their influence to raise money for charities or encourage positive behaviour. Fame may bring attention, but using it to help others is what can make a person truly **(25)** _____. That is something every fan can admire, **(26)** _____ the celebrity is a singer, an actor or a sportsperson.
