LIVEWORKSHEETS

NOISY NEIGHBOURS.

I live in a fabulous flat with my parents and my siblings but I have one problem: my neighbours. They are really noisy. Every morning, I wake up because there are loud sounds coming from the next door flat. They sometimes play music very loudly, and it's very hard to concentrate. Yesterday, I couldn't do my homework because of the noise.

They also like having parties late at night, and I can't sleep. It's the music, their conversations and the sound of furniture moving. They sometimes shout or argue. I think they don't realize how loud they are. I tried to explain the situation to them but nothing has changed.

I often go to my window to ask them to turn down the music, but they ignore me or say "Sorry!" I'm starting to get really frustrated. I'm going to call the building manager to ask for help. I hope they can solve the problem, because it's hard to live like this. I just want some peace and quiet.
