Reading Comprehension 1

1. Many schools around the world ask their students to wear a uniform. A school uniform is a set of clothes, such as a shirt, trousers or a skirt, that all students wear every day.

2. Supporters believe uniforms have many benefits. First, they make all students look equal, so no one is **excluded** or left out by classmates because of expensive clothes. Second, they save time in the morning because students do not have to choose what to wear.

3. However, some students dislike uniforms for two reasons. They feel that uniforms stop them from showing their personality, and uniforms can be uncomfortable in hot weather. Still, most schools agree that the advantages are greater than the disadvantages.
