CD1 Track 6

Debbie Now, as you're all new, I'm just going to show you a map of the hospital and _____. Let's start with the recreation centre. At the moment, we're in the main building, that's here ... and if you _____ the main entrance and just _____ ... you'll find the staff recreation centre. It's this T-shaped building ... and there's a range of things that you can do here to help you relax.

If you get ill, we do have a health centre for all registered employees, and this is _____ the main hospital building. So, if you go out of the back exit, it's just in front of you, and there's a small pharmacy next to it. I'm based here and I have a few _____ on things if you want to come and see me.

Many of you will _____, so you might like to go to the 24-hour swimming pool and sauna. They're very close by, and it doesn't cost much money to get in. If you walk out of the front of the main building, there's a road _____ of you ... go down that and turn left into Tye Road – you'll see the pool entrance at the end of that road, just _____.

We've talked about eating healthily, and there's a very useful store nearby that sells a large range of organic products and _____. This is also in front of the main building, but this time you need to go beyond the turning for Tye Road and you'll see it on the right-hand corner, _____ another building.

Finally, if you want a healthy meal and you have very little time to get it, of course there's always the canteen inside the main building. But I would recommend a place called Jenny's Restaurant. _____ the front of the main building and _____. When you're there, take the _____ ... it's just along that road before the trees. You can get a number of excellent dishes here at a reasonable price.

Well, I think that's all that's...
