F. READ AND ANSWER THE QUESTIONS

SUMMER IN THE FOREST

The forest near my city is a beautiful place in summer. All my friends and classmates go to the forest because there are lots of fresh air, places to play hide-and-seek, a river to swim, and some animals.
These animals never hurt children because they are very friendly. Actually, children can play with some spiders which are completely gentle, and nobody has reported a bad experience with them. And they can always bring their dogs to take a good and fun walk. And after games with animals, we can play games like hide-and-seek around the trees, or others that we invent.
However, one of our favorite places is the river because its water is transparent and clean. So much that we can see some small fish swimming around. It is not a good idea to drink the water, but people can always swim and have fun on hot days.
There is no bad day in the forest, on the contrary, it is always fun in summer time.

37. The forest is a natural place.

A. TRUE B. FALSE C. NOT MENTIONED

38. The writer lives far from the forest.

A. TRUE B. FALSE C. NOT MENTIONED

39. Animals from the forest never attack children.
