Helping in the Community

Last Saturday, Mia and her brother Ali spent the morning helping in their community. They wanted to make their neighborhood a better place.

First, they went to the park. With a grabber tool and gloves, they picked up litter like plastic bottles and wrappers and put them into trash bags. Ali said, "It's nice to have a clean park for everyone to enjoy!"

Next, they went to the local animal shelter. At the shelter, Mia and Ali helped feed the cats and dogs. Mia gently brushed a puppy, while Ali refilled the water bowls. Mia said, "Every animal deserves love and care.

Afterward, they went to a food bank to help sort and pack food for families in need. Ali stacked canned goods, while Mia placed fresh fruits and vegetables into bags. The volunteers thanked them for helping.
