Kufur Aqab School

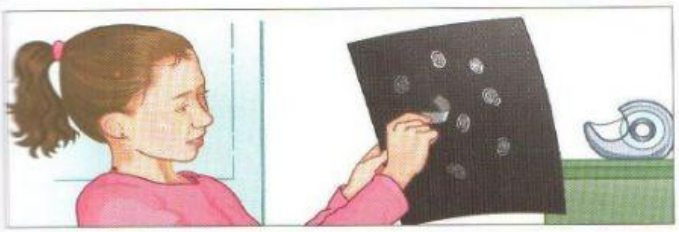

Listen and read

Let's make a fingerprint. First, put lotion on your hands. Then, touch a mirror.

Put powder on the mirror. Brush the powder away. You should see a fingerprint.

Put a piece of tape on the fingerprint. Lift the tape and put it on a piece of black paper. Do this for every finger. Then you can see all of your fingerprints. Every fingerprint is different!

New Words

fingerprint
lotion
powder
a piece of tape
lift

B. Answer the questions.
