|  | <input type="button" value="THREE"/><br><input type="button" value="FOUR"/><br><input type="button" value="FIVE"/><br><input type="button" value="TWO"/><br><input type="button" value="ONE"/>    |  | <input type="button" value="TWELVE"/><br><input type="button" value="TEN"/><br><input type="button" value="TWO"/><br><input type="button" value="EIGHT"/><br><input type="button" value="ELEVEN"/>  |

## 2. Count and write the number (Contar los dedos y escribir el número que corresponda)

## 3. Write the number (Escribir el número)

## 4. Match (Unir y formar la palabra)

|                                                                                   |                                  |                                  |                                                                                     |
|-----------------------------------------------------------------------------------|----------------------------------|----------------------------------|-------------------------------------------------------------------------------------|
|  | <input type="text" value="SEV"/> | <input type="text" value="HT"/>  |  |
|  | <input type="text" value="S"/>   | <input type="text" value="NE"/>  |  |
|  | <input type="text" value="EIG"/> | <input type="text" value="IX"/>  |  |
|                                                                                   | <input type="text" value="FI"/>  | <input type="text" value="REE"/> |                                                                                     |
|                                                                                   | <input type="text" value="NI"/>  | <input type="text" value="EN"/>  |                                                                                     |
|                                                                                   | <input type="text" value="TH"/>  | <input type="text" value="VE"/>  |                                                                                     |

## 5. Look at the number and answer the question (Mirar el número y responder la pregunta. Empezamos así: I'm.....)

How old are you?

How old are you?

How old are you?

How old are you?

How old are you?

How old are you?
