

Small Song – Lhasa de Sela

I a small small song
I a small small song
I it all night long
All through
The wind and rain
Until the came
This song is my small song
This song is my small song
I it all night long
And when the came
I had to all over again
My song is so, so small
My song is so, so small

I could get down and crawl
..... from
Wall to wall
And never
Anything at all
How could you
Such a small song?
How could you
Such a small song?
If I was right
I would be wrong
Don't be
It's just a small song
