

WE USED TO-RICHIE NUZZ FEAT. KUNIS & HEATHER SOMMER

Sometimes	picks	anyone	hiding	world
Crowd	show	where	enough	Friday
scared	know	worth	right	

What are you behind?
Are you gonna me?
Sometimes you're on my side,
..... you don't know me
What are you of now of everyone knowing?
Oohh You just don't
Yeah

I see your but you don't see the same
You stand out from the but not the way you think
I wish that you would come back to me, back to me, back to me

We used to stay up every night
You used to hold my hand and read my mind
I used to always know we would be alright
We used to take the on side by side
We used to
We used to

I don't know I go when it all gets too much
I try to put on this show but it's never
Won't let come close feel like I need to be tough
Oohh You just don't know

You see my worth want me to see the same
..... me out of the crowd show me the way you think
In time I let you come right back to me, back to me, back to me
