

Name _____

1. What is the contour interval? That is, what is it going by?
2. What is the elevation at Y, of the point Y? _____
3. What is the elevation at B? _____
4. What is the elevation at C?
5. Label the mountain top MT

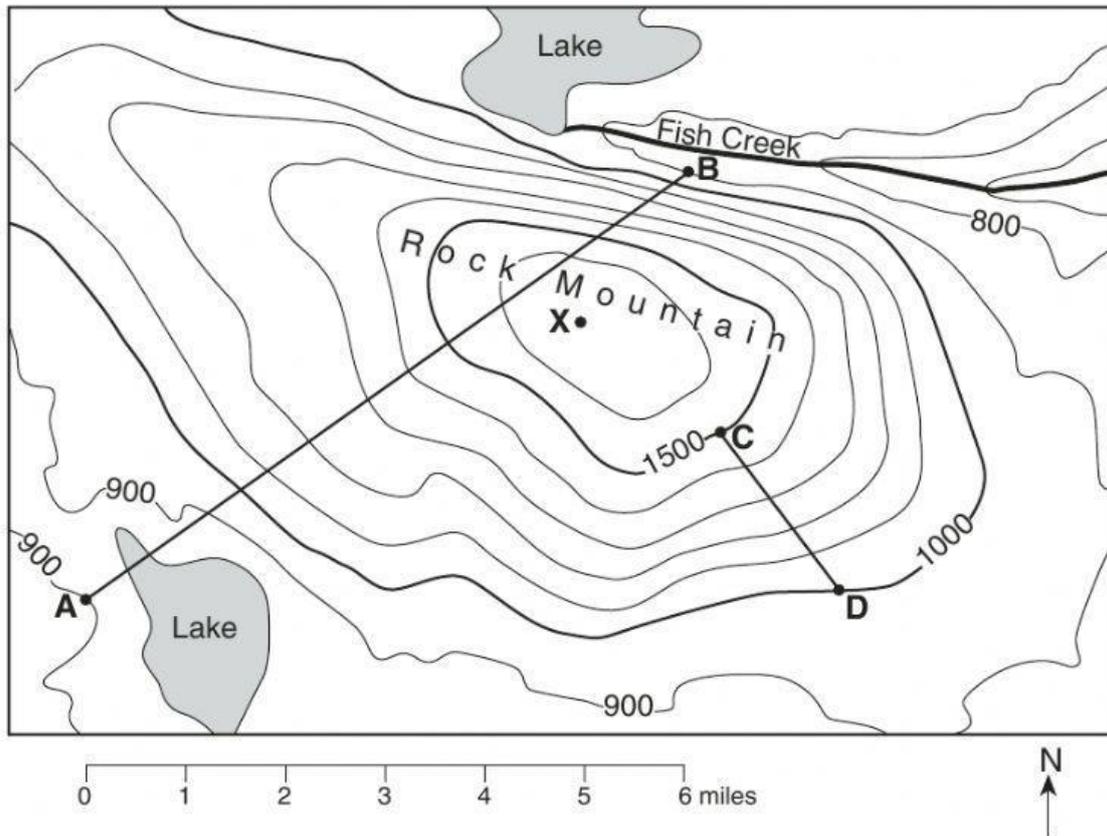

1. What is the contour interval? _____
2. What is the elevation at A, of the point A? _____
3. In what direction is Long Creek flowing? _____
4. Label the steepest region S.
5. Label each mountain top MT.

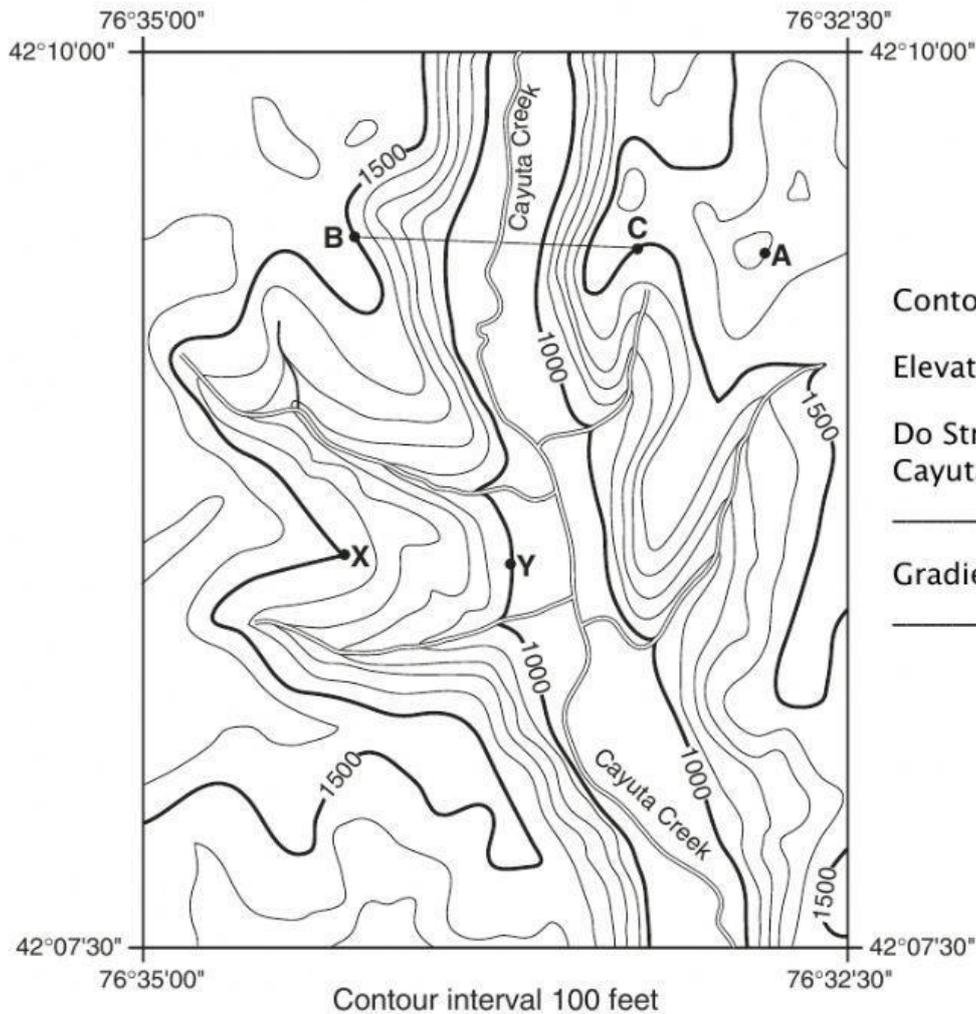

Contour Interval: _____

Possible Elevation of A: _____

Profile of line XY:

1. What is the contour interval? _____
2. What is the elevation at A? _____
3. In what direction is Fish Creek flowing? _____
4. Label the steepest region S.
5. Label each mountain top MT.
6. Label the gentle slope part of the mountain GENTLE SLOPE.

Contour Interval: _____

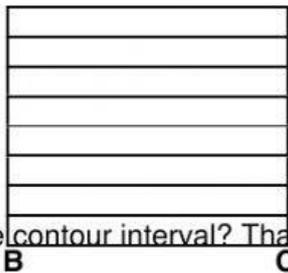

Elevation of A: _____

Do Streams flow to or away from Cayuta Creek?

Gradient between Points X and Y:

Profile of line XY:

Profile of line BC:

1. What is the contour interval? That is, what is it going by?

2. What is the elevation at Y, of the point Y? _____

3. What is the elevation at B? _____

4. What is the elevation at C?

5. Label the mountain top MT
