5 Choose the correct option about the animal nutrition and reproduction.

They only eat plants.	Herbivore	Carnivore	Omnivore	Scavenger
They born from their mother's womb.	Oviparous	Viviparous	Ovoviviparous	Monotreme
They eat plants and meat.	Herbivore	Carnivore	Omnivore	Scavenger
They eat carrion.	Herbivore	Carnivore	Omnivore	Scavenger
They only eat meat.	Herbivore	Carnivore	Omnivore	Scavenger
They born from eggs.	Oviparous	Viviparous	Ovoviviparous	Monotreme
They born from eggs but inside they mother's.	Oviparous	Viviparous	Ovoviviparous	Monotreme
They are mammals but born from eggs.	Oviparous	Viviparous	Ovoviviparous	Monotreme

6 Label the different parts of these arthropods.

Thorax
Cephalothorax
Abdomen
Wings
8 legs
Antennae
6 legs
Head
Abdomen

7 Classify these molluscs and arthropods according to their features.
