

# Reviewing Scratch

Answer the following questions to check your understanding. Choose the letter that best describes the answer.

1. What tool can be used to make the sprite smaller?

2. How would you save a Scratch program?
3. How would you open an already saved Scratch program?

# Reviewing Scratch

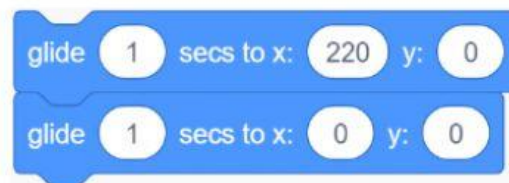

For numbers 4a and 4b, kindly use the picture below.

4. (a) You want to use glide to blocks to move your sprite in the direction of the arrow. Should the x-coordinate have a minus sign (-) in front of it?

(b) Should the y-coordinate have a minus sign in front of it?

5. You have built this stack. You pressed the green flag to start but nothing happened. Why not?

6. How do you start this program?

# Reviewing Scratch

7. Where can you find a block to make a sprite **say** something?

8. This block makes the sprite say, "Hello!" But, nothing happens when I click it. Why?

9. This program should move my sprite up and down. And play the Eggs music after the space key is pressed. But, it did not work. How can I fix this?
