

How do you look at things?

squint stare gaze peep glare

	when you cannot see something very well
	the stars at night
	take a quick look at something
	give an angry look
	it is impolite to look like that at people

Communicate without words

shrug shoulders nod head point finger raise eye brows bite lips
twist face squeeze your nose clench teeth fold arms

	I am thinking about it
	The smell is awful
	I don't know the answer
	I don't think it's a good idea
	I agree with you
	I do not believe you
	I am in pain
	I am warning you not to do it again
	I am waiting and you are being slow
