Meet The Moores

Hi, there! I'm Jerry.

My favorite TV show is "Meet the Moores" They are a real family. But now they are also a cartoon family. They are similar to the Simpsons but they aren't American. They are British.

The members of the family are: Robert, the father, is 50 years old and he is interested in cars. Tania, the mother, is 35 and she's a secretary. Jack is 15 and he's a good DJ. Roberta's 11 and she's interested in pop music. She's fan of the pop group Blue. Eliza's 9. She's very good at gymnastics and disco dancing. Jemma's only 3 but she's a disaster! The real family is from Leicestershire. The cartoon family is on the Nickelodeon TV channel.
