### 3. PERSONAL QUALITIES. Complete the sentences with the words in the box.

sociable    hard-working    fit    ambitious    strong    creative    sensitive    caring    clever  
confident    reliable    patient    calm

1. I'm a very **well-organised** person. I always plan very carefully and I know exactly what I'm doing.
2. You need to be **confident** and **reliable** if you work with children because children need to know that you like them and will help them. You also need to be **patient** and **calm** because it's bad for the children if you get angry with them.
3. Police officers are usually **fit** and **strong** because in some situations they need to run fast and use force.
4. Top scientists are usually very **creative**. They can find the answer to very complicated problems. They are also **clever**. They need lots of imagination to think of new ideas.
5. Philip works in a bank. He's very **reliable** – you know that he'll do his work well. He's **hard-working** too. He's often the first to start work and the last to leave.
6. Susan is very good at working in a team. She's very **sociable**, she loves being with other people.
7. Firefighters need to be **confident** in difficult or dangerous situations in order to help people.
8. Charles is really **ambitious**. He won't be happy until he's the company director!

### 4. Listen to four people describing their jobs. What jobs do you think they are?

1.
2.
3.
4.
