

Walking in the Zoo

Last week when we went to the zoo we used the zoo map to find the animals. Use the information to answer the questions.

1. The distance between the zoo entrance to the tigers is _____ km _____ m or _____ m.
2. The distance between the zebras to the zoo entrance is _____ km _____ m or _____ m.
3. The distance between the elephants to the lions is _____ km _____ m or _____ m.
4. The distance between the tigers to the lions is _____ km _____ m or _____ m.
5. What is the shortest distance between the tigers and the elephants?
_____ m
6. What is the shortest distance between the lions and the entrance?
_____ m
7. How much will you have to walk to see all the animals once?
_____ km _____ m or _____ m
