

"USED TO"

Remember!

- ✓ "Used to" expresses the idea of something that we often did in the past but we don't do anymore; a repeated action, a habit or a way of life in the past.
- ✓ We use it to contrast past habits with present situations.

★ Look at the pictures and write sentences comparing life in the past and in the present.

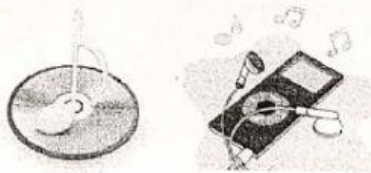

Example:

PAST

In the past, people
USED TO collect records.

PRESENT

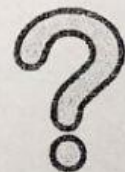

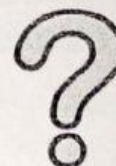

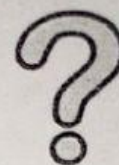

Nowadays, people collect
CDs and digital music.

FUTURE

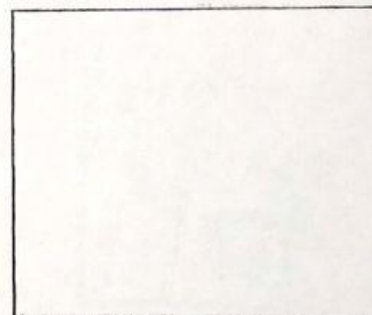

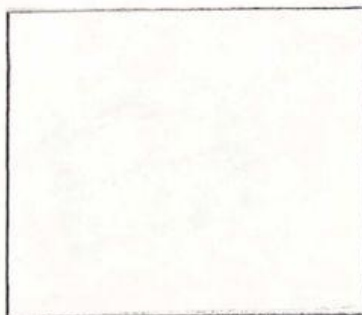

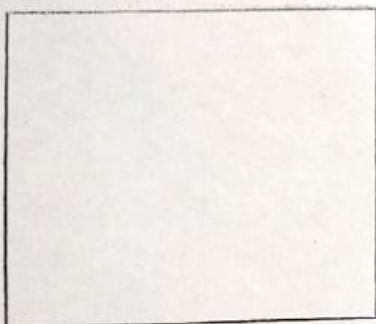

In the future, people will
listen to music through Wi-Fi.

★ Complete with your own ideas.

★ What did you use to do when you were younger?
